(ACCORDING TO REC Vehicles - UE 2010 - Regulation (UE) Commission n. 461/2010 dated May 27th, 2010 related to the application of the article 101, paragraph 3, of the treaty about the functioning of the European Union by categories of vertical agreements and practices agreed on the automotive field, GU L 129 dated 28.5.2010 p. 52)

The undersigned Company VIPIEMME SPA having seat in Isso (BG) - ITALIA, via S.S. 11 Padana Superiore n.8

DECLARES AND CERTIFIES

that all the automotive accumulators produced by VIPIEMME SPA, as per their different specifications (related to external structure and to electrical performances) have to be considered as for all effects as "original spare parts" because:

- they have a qualitative level corresponding to the same types of batteries used as components on the cars' assembling as first equipment;
- they have been manufactured according to the technical specifications and production's standards of the cars' producer on which they are originally equipped..
